RESERVATION, CHANGE & CANCELLATION:

1. please book online if possible. If this is not possible, we will of course also accept reservations by e-mail or telephone. Online reservations are possible up to 3 days, 6.00 pm, before arrival, after that we ask you to book by telephone.

2. regardless of the type of reservation, reservations can only be made by type of dormitory but not by room or camp number. Rooms and dormitories will only be allocated on the day of arrival according to the number of guests/groups actually arriving.

3. in the event of full occupancy, you can enter your name on a waiting list when booking online. We will inform you immediately when places become available. But please note: If, for example, 4 places are still available, but you reserve 6 places, your entire booking will be placed on the waiting list due to the system. In such cases, we recommend 2 reservation processes. In the first you reserve the 4 bookable places. In the second, you put the other 2 on the waiting list. As a rule, the missing places can be made available at very short notice before your arrival. In the worst case, we will certainly find an emergency camp.

4. for groups of 10 or more people, a complete cancellation is only possible verbally, by telephone, by e-mail or in writing, regardless of the time.

5. please note when entering your data in the online reservation that you must write your e-mail address in the repetition field, copying is not possible in this case.

6. you can make a reservation with or without personal registration. In the first case, you will need the link from our confirmation e-mail to make changes or cancellations. In the other case, you can log into the registration system with your user name and password independently of this link.

7. please follow the resulting, self-explanatory, short mail traffic after sending your reservation.
